Submit by Email

A. DDR3 DRAM Compliance Sheet

Must accompany all DRAMs submitted for Web Validation

Instructions :

1. Enclose a hardcopy of the completed compliance sheet with your DRAM sample shipment.
2. E-mail a softcopy XML of this form to the validation lab.
3. Ship assembled 5 DRAMs that have been functional tested and have been characterized at all temperature and voltage corners. (2 RLC and 3 AC/DC) Part #1, #2- RLC; Part #3, #4, #5 - AC/DC

3a. Parts submitted for RLC must be "prestine;" not previously tested. Separate tray for RLC parts is prefered.

SDRAM Information

Submitted for:	Please choose...
Has the SDRAM been functionally tested by supplier?	Please Choose...
SDRAM Part Number	
SDRAM Supplier	
SDRAM Density (die)	Please choose...
SDRAM Organization	
SDRAM Width	Please choose...
SDRAM Package Type	Please Choose...
Have SDRAM Package Drawings been submitted?	Please Choose...
SDRAM Mask/Die Revision	
SDRAM Date Code	
SDRAM Speed & Timing	MHz,
SDRAM Process Technology (nanometer)	
Reason for validation (Initial submission, new process, errata fix, resubmit)	
Does the device support RAS lockout?	Please Choose...
Device supports Concurrent Auto-Precharge?	Please Choose...
Does device support 95C 2X refresh operation?	Please Choose...

Please provide accurate web posting information
